

Aluminum skirting board, aluminium skirting board supplier and manufacturer, aluminum skirting wholesale price, aluminum skirting board stock supply www.alutiletrim.com sales@alutiletrim.com

Aluminum skirting board

Aluminum skirting board is one kind of new decorative materials in the modern decoration industry. It not only has the same function with other skirting boards, which play the important role for decorating and protecting the wall and ground and visual balance, but also has aluminum profile advantage in the decoration, corrosion resistance, various style, different colors, easy installation and cleaning feature, recycle etc. It is made by high quality aluminum extrusion profile and the color can be matt silver, anodized champagne, brushed, shiny silver, matt gold, powder coated ALL RAL colors and wood grain color. The height can be 60, 80, 82 and 100mm for the skirting board.

With the development of the economy and life quality improvement, the requirement for the living space and decoration are continuous changing, so skirting board is also quick updating. As aluminum alloy has the high rate of aluminum extrusion product, corrosion resistance, high strength, light weight alloy, good effect for the coloring, environment friendly features, now it is widely used in the decoration industry.
